<u>Anticipated Future Need</u>	
<i>Amount</i>	<i>FY</i>

There is no other funding needed

Detailed Project Description and Justification:

This project supports our school-wide Houghton Mifflin Reading Adoption series. Many grade level teachers teach their reading lesson from an anthology. The anthologies are taken from award winning trade books. We have found that students are often motivated to read through the introduction of the anthology but sometimes are unable to get the book from the library. In order to make reading a seamless experience for our students the school would provide the trade books for the anthologies found in our reading series so students can learn about the book in their classroom and then check the "chapter bok" out of the library the same day. To accomplish this goal the school will need to purchase 1,100 library bound books at the cost of \$42,000.

Project Timeline:

Project will begin when funds become available

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Anchorage School District

Grant Recipient Contact Information:

Contact Name: Ben Hardwick, Principal

Phone Number: 907-742-5360

Address: 10500 Bayshore Drive, Anchorage, AK 99515

Email:

Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

Bayshore Elementary PTA

Representative Johnson:

Projects that we are hoping to complete thorough PTA monies next year.

During the PTA support of Bayshore Elementary School's new Computer, Media Lab there was not enough funds raised to purchase the second phase of instructional tools. Digital cameras and digital video cameras and printers are instructional tools for teaching multimedia projects that research clearly indicates increases student learning through deeper understanding of the targeted curriculum.

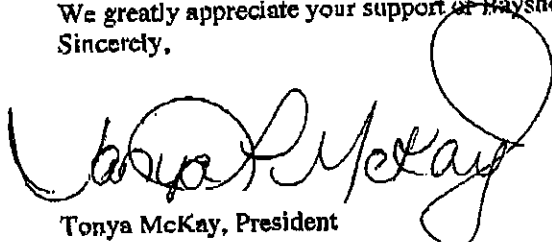

25 Digital cameras @ \$225.00 =	\$5,625.00
10 Digital video cameras @ \$675.00 =	\$6,750.00
2 Laser printers @ \$990.00 =	\$1,980.00
1 Color printer @ \$2,500.00 =	<u>\$2,500.00</u>
Total	\$16,855.00

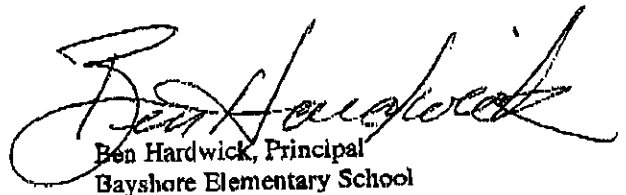

The second project that PTA has not been able to fund is our library support project. This project supports our school-wide Houghton Mifflin Reading Adoption series. Many grade level teachers teach their reading lesson from an anthology. The anthologies are taken from award winning trade books. We have found that students are often motivated to read through the introduction of the anthology but sometimes are unable to get the book from the library. In order to make reading a seamless experience for our students the PTA committed to provide the trade books from the anthologies found in our reading series so students can learn about the book in their classroom and then check the "chapter book" out of the library the same day. To accomplish this goal the PTA will need to purchase:

1,100 library bound books at a cost of \$41,000.00.

Computer Lab completion costs \$16,855 + Library books costs \$41,678 = \$58,533.00

We greatly appreciate your support of Bayshore Elementary School's PTA.
Sincerely,

Tonya McKay, President

Ben Hardwick, Principal
Bayshore Elementary School
